Management's Discussion and Analysis For the Years Ended June 30, 2021 and 2020

As management of Maryland Economic Development Corporation (MEDCO), we offer readers of the financial statements this narrative overview and analysis of MEDCO's financial activities for the fiscal years ended June 30, 2021 and 2020. Management's Discussion and Analysis (MD&A) is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of financial activity, and (c) identify changes in MEDCO's financial position. We encourage readers to consider the information presented here in conjunction with MEDCO's financial statements and accompanying notes.

#### General

MEDCO is a body corporate and political and a public instrumentality of the State of Maryland that was created in 1984 by an act of the Maryland General Assembly. MEDCO's purpose is to attract new business and to encourage expansion of existing businesses in Maryland through the development, expansion, and/or modernization of facilities. In fulfilling this purpose, MEDCO owns and leases certain properties and makes loans to organizations that require financing to acquire or develop properties. MEDCO also serves as a consultant or development manager on certain projects.

MEDCO issues limited-obligation revenue bonds and notes to provide capital financing for projects. Most of the bonds and notes are conduit debt obligations issued for specific third parties in MEDCO's name. In most of these cases, the related assets, liabilities, revenues, expenses, and cash flows are not included in MEDCO's financial statements, as MEDCO has no obligation for the debt beyond the resources provided under the related lease or loan with the party on whose behalf the debt was issued. The bonds and notes not issued for specific third parties primarily finance operating facilities of MEDCO. These bonds and notes are payable solely from the revenues of the respective facilities as defined in the related trust indentures. MEDCO is the owner of these operating facilities and has retained on-site professional managers for each facility. Neither the conduit debt obligations nor the debt issued to finance operating facilities is backed by the full faith and credit of the State of Maryland.

These Projects are owned by MEDCO or were owned during the period of the financial statements and as such are consolidated in the financial statements:

- Christa McAuliffe Student Housing (Bowie) at Bowie State University
- Bowie Mixed Use Facility Student Housing (Bowie Mixed Use) at Bowie State University
- Baltimore City Garages (City Garages)
- CTU Foundation Student Housing (CTU) at Capitol Technology University
- Chesapeake Bay Conference Center (CBCC)
- Edgewood Commons Student Housing (Frostburg) at Frostburg State University
- Owings Mills Metro Centre Garage (Metro Centre)
- Morgan View and Thurgood Marshall Hall Student Housing (Morgan) at Morgan State University
- National Cybersecurity Center of Excellence (NCCoE) in Montgomery County, Maryland
- Rockville Innovation Center (RIC) in Montgomery County, Maryland
- University Park Phase I and II (Salisbury) at Salisbury University
- West Village and Millennium Hall Student Housing (Towson WV & MH) at Towson University
- Fayette Square Student Housing (UMAB) at University of Maryland, Baltimore

#### General – continued

- Walker Avenue Student Housing (UMBC) at University of Maryland, Baltimore County
- University of Maryland, College Park Energy and Infrastructure Program (UMCP Energy)
- South Campus Commons and The Courtyards (UMCP Housing) at University of Maryland, College Park
- University Village (University Village) at Sheppard Pratt

#### **Overview of the Financial Statements**

This MD&A is intended to serve as an introduction to MEDCO's financial statements. MEDCO is a self-supporting entity and follows enterprise fund reporting; accordingly, the financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Enterprise fund statements offer short-term and long-term financial information about the activities and operations of MEDCO. MEDCO's statements consist of two parts: the financial statements and notes to the financial statements.

#### The Financial Statements

MEDCO's financial statements are designed to provide readers with a broad overview of its finances, in a manner similar to a private-sector business.

The statements of net position present information on all of MEDCO's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position.

The statements of revenues, expenses and changes in net position present the operating activities of MEDCO and sources of non-operating revenues and expenses.

The statements of cash flows present summarized sources and uses of funds for MEDCO's activities. Cash flows from operating activities generally represent receipts and disbursements associated with property and equipment rentals, operating facilities and energy services as well as day-to-day management. Cash flows from non-capital financing activities generally include the incurrence of debt obligations to finance loans and financing leases and the related principal and interest payments. Cash flows from capital and related financing activities generally include the incurrence of debt obligations to finance capital assets, the subsequent investment of the debt proceeds in property and equipment, and the related principal and interest payments. Cash flows from investing activities generally include loan originations and related collections of principal and interest payments and purchases and sales of investments and collections of related income.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found on pages 21-61 of this report.

Significant factors in the changes in MEDCO's financial position for the year ended June 30, 2021 include:

• During the year ended June 30, 2021, average occupancy at the student housing operating facilities decreased due to the ongoing impact of coronavirus (COVID-19). In addition, there was a decrease in parking at MEDCO's garage facilities and CBCC operated with limitations on occupancy, pool capacity, spa hours and food and bar service among others as government mandates were in effect. Additional information is provided in Note 12.

Management's Discussion and Analysis For the Years Ended June 30, 2021 and 2020

### Financial Analysis of MEDCO - continued

- Current assets decreased primarily as a result of a decrease in cash and cash equivalents, \$23,538,000, primarily due to the use of funds that had been advanced for the planning and construction of future projects. This decrease was partially offset by an increase in deposits with bond trustees for Morgan Thurgood Marshall Hall due to the funding of the capitalized interest, principal and cost of issuance accounts in connection with the issuance of Series 2020 bonds to finance the development of the student housing facility, \$8,246,000, and CBCC, as transient occupancy and revenue increased as travel restrictions due to COVID-19 were lifted, \$3,617,000.
- Net capital assets and right to use buildings increased due to development expenditures for Bowie Mixed Use, \$32,908,000, and Morgan Thurgood Marshall Hall, \$14,826,000, and various other capital expenditures at Projects totaling \$6,277,000. These increases were partially offset by current year depreciation and amortization of \$25,167,000.
- Other non-current assets increased primarily as a result of funds deposited with the trustee primarily for the funding of construction and debt service reserve accounts for Morgan Thurgood Marshall Hall, \$64,035,000, and UMCP Housing, primarily due to deposits made to the repair and replacement fund, \$5,795,000. These increases were partially offset by a decrease in deposits with bond trustee for Bowie Mixed Use due to development expenditures, \$37,352,000, and capital, debt service and operational expenditures at various other Projects totaling \$2,320,000.
- Current liabilities increased primarily as a result of additional accruals at CBCC for interest payable, deferred ground rent, and management and service fees, \$18,607,000, an increase in the current portion of bonds payable due to CBCC not being able to fund the amount due during the year ended June 30, 2021, \$7,545,000, accrued ground rent, \$3,306,000, primarily due to an increase in revenue at Salisbury during the current year following the COVID-19 closure that occurred in March 2020, and as a result of payments not being made at University Village due to a lack of funds available as a result of a decrease in operating revenue due to COVID-19, accrued interest, \$2,408,000, primarily as a result of the issuance of bonds to finance development of Morgan Thurgood Marshall Hall, and accounts payable, \$8,047,000, primarily due to accrued capital expenditures for Morgan Thurgood Marshall Hall and the deferral of expenses due to the University of Maryland, College Park, Towson University and the University of Maryland, Baltimore County per a memorandum of understanding. These increases were partially offset by the repayment of advances for the planning and construction of future projects, \$30,978,000.
- Bonds and notes payable, net of current portion, increased primarily as a result of the issuance of bonds to finance development of Morgan Thurgood Marshall Hall, \$84,323,000. This increase was partially offset by the reclassification of fiscal year 2021 principal payments from non-current to current liabilities, \$22,395,000, the amortization of bond premium/discounts, \$2,581,000, and the early repayment of bonds and notes payable, \$837,000.

Management's Discussion and Analysis For the Years Ended June 30, 2021 and 2020

### Financial Analysis of MEDCO - continued

Significant factors in the changes in MEDCO's financial position for the year ended June 30, 2020 include:

- As a result of COVID-19, numerous federal and state measures were implemented to mitigate the effect
  of the outbreak. As a result, the student housing operating facilities of MEDCO and individual universities
  made the decision to close on campus housing and transition to distance learning in March 2020.
  Additionally, the mandated government restrictions resulted in a decrease in parking at MEDCO's garage
  facilities and MEDCO and management made the decision to temporarily suspend operations of CBCC in
  March 2020. Additional information is provided in Note 12.
- Current assets increased primarily as a result of an increase in cash and cash equivalents primarily due to advances received for the planning and construction of future projects, \$35,716,000, reserve deposits received from the University of Maryland College Park for the benefit of UMCP Energy, \$9,343,000, and funds on deposit from a short term investment that matured in June 2020, \$2,677,000. These increases were partially offset by a decrease in cash and cash equivalents from Projects, \$3,100,000, and rent and other receivables, \$2,615,000, primarily due to the result of a reduction in revenues in response to the temporary closure of operating facilities that occurred in March 2020, deposits with bond trustee, \$3,240,000, primarily for UMCP Energy as the accounts required under the trust indenture were closed upon maturity of the outstanding bonds in July 2019, short term investments, \$2,014,000, primarily due to the maturity of the investment in June 2020 that was moved to cash, and funds available for the replacement of furniture and fixtures at CBCC, \$1,403,000, due to the utilization of funds for operating expenses as a result of the temporary suspension of operations due to COVID-19.
- Net capital assets and right to use buildings decreased due to current year depreciation and amortization of \$26,215,000. This decrease was partially offset by development expenditures for Bowie Mixed Use, \$8,873,000, and various other capital expenditures at Projects totaling \$8,738,000.
- Other non-current assets increased primarily as a result of funds deposited with the trustee for development, future debt service, capital and operating reserve requirements for Bowie Mixed Use, \$47,790,000. This increase was partially offset by a decrease in deposits with bond trustee for UMCP Energy as the accounts required under the trust indenture were closed upon maturity of the outstanding bonds, \$6,292,000, the use of funds on deposit with the trustee for capital, debt service and operational expenditures at UMCP, \$5,139,000 and capital, debt service and operational expenditures at various other Projects totaling \$4,839,000.

Management's Discussion and Analysis For the Years Ended June 30, 2021 and 2020

## Financial Analysis of MEDCO - continued

- Current liabilities increased primarily as a result of additional accruals at CBCC for interest payable, deferred ground rent and management and service fees, \$16,019,000, an increase in the current portion of bonds payable due to CBCC not being able to fund the amount due during the year ended June 30, 2020, \$7,180,000, advances received for the planning and construction of future projects, \$40,454,000, reserve deposits received from the University of Maryland for UMCP Energy, \$6,528,000, and an increase in accounts payable, \$2,962,000, primarily for increases in maintenance and repair costs invoiced at year end, insurance proceeds on deposit and amounts due to the manager for UMCP Energy. These increases were partially offset by decreases in accrued ground rent as a result of payments being made and decreases in revenues at UMCP, \$2,906,000, Bowie, \$829,000, CTU, \$546,000, Frostburg, \$522,000, and various other Projects, \$809,000, the scheduled retirement of the bond payable for UMCP Energy, \$3,045,000, and a decrease in advance deposits of \$870,000 at CBCC due to the temporary suspension of operations due to COVID-19.
- Bonds and notes payable, net of current portion, increased primarily as a result of the issuance of bonds to finance development of Bowie Mixed Use, \$50,455,000. This increase was partially offset by the reclassification of fiscal year 2020 principal payments from non-current to current liabilities, \$21,374,000, the amortization of bond premium/discounts, \$2,410,000, and the early repayment of bonds and notes payable, \$495,000.

MEDCO's net position as of June 30, 2021, 2020 and 2019 (after considering the effects of eliminations and adjustments in consolidation) are detailed by source as follows:

	2021	2020	 2019
Operating facilities	\$ (354,289,655)	\$ (326,742,420)	\$ (293,483,724)

### Financial Analysis of MEDCO - continued

The change in net position for the years ended June 30, 2021, 2020 and 2019 (after considering the effects of eliminations and adjustments in consolidation) is detailed by source as follows:

	2021	2020	2019
Operating facilities	\$ (27,547,235)	\$ (33,258,696)	\$ (28,750,798)

Change in Net Position	\$ (25,656,080)	\$ (31,516,171)	\$ (31,031,152)

Significant factors in the results for the year ended June 30, 2021 include:

As of June 30, 2021, management has identified CBCC as a "Non-Performing" Project, as defined in MEDCO's loan classification policy. CBCC has been identified as a "Non-Performing" Project after the June 2014 debt service payment was only partially made and for failure to meet the debt coverage ratio as required in the trust indenture governing the bonds. Under terms of the CBCC trust indenture, MEDCO is required to promptly employ a management consultant to submit a written report and recommendations with respect to the Project. MEDCO has engaged both a project analyst consulting firm and an asset management/turnaround consultant to evaluate the operations of CBCC. Since May 1, 2014, CBCC has had a forbearance agreement with the trustee which provides for a partial deferral of interest and principal payments owed under the bonds. Pursuant to a fourteenth amendment the forbearance agreement was amended and extended to June 30, 2021. In addition to providing for a partial deferral of interest and principal payments owed under the bonds, the agreement allowed for the use of funds and accounts held under the trust indenture and in the capital reserve fund for payment of specified accounts payable and operating expenses. In accordance with the terms of the fourteenth amendment, effective December 31, 2020, a proposed budget through June 30, 2021 was prepared and submitted to the trustee for approval. Upon approval of the budget by the trustee, the Project was to incur expenses and expend funds only to the extent per category and within the times set forth in the approved cash flow budget. In addition, any amounts not spent within one month could be expended in a subsequent month, subject to adjustments. The fourteenth amendment also eliminated, through June 30, 2021, the covenants requiring the Project to maintain certain levels of production, gross revenue and net operating income and cash flow targets. In accordance with the terms of the restated and amended forbearance agreement, effective July 1, 2021 through December 31, 2021, a proposed budget through December 31, 2021 was prepared and submitted to the Trustee for approval. The first amendment to the amended and restated forbearance agreement, effective August 31, 2021, amends the transfer of funds to specific reserves in connection with the capital budget, as stipulated in the agreement. Additional information relating to the status of this Project is provided in Note 11 to the financial statements.

Management's Discussion and Analysis For the Years Ended June 30, 2021 and 2020

## Financial Analysis of MEDCO - continued

- As of June 30, 2021, management has identified City Garages, UMCP Housing, UMBC, UMAB, Bowie, and Towson WV and MH student housing projects as "Watch" projects, as defined in MEDCO's loan classification policy. City Garages revenue was negatively impacted by reduced parking related to COVID-19. In March 2020, as a result of COVID-19, the University System of Maryland transitioned all undergraduate in-person instruction to virtual instruction for the remainder of the Spring 2020 semester. In connection with the University of Maryland's decision, all universities in the system closed their oncampus residential halls. During the year ended June 30, 2021 occupancy rates began to improve as the University System of Maryland institutions offered a mix of both virtual and in-person instruction. Per the respective trust indentures, the Projects are each required to meet a coverage ratio, as defined in the respective trust indenture agreements, as of the last day of each fiscal year of no less than 1.20 to 1. If in any fiscal year, the coverage ratio is not met, a management consultant must be employed. In August 2021, UMCP Housing was removed from being classified as a "Watch" project. City Garages, UMBC, UMAB, Bowie, and Towson WV and MH did not meet their respective coverage ratios as of June 30, 2021. During the year ending June 30, 2021, MEDCO retained a management consultant for the UMCP Housing, UMBC, UMAB, Bowie, and Towson WV and MH student housing projects. City Garages, UMBC, UMAB, Bowie, and Towson WV and MH did not meet their respective coverage ratios as of June 30, 2021. MEDCO is actively working to engage a management consultant for these Projects.
- Losses from operating facilities decreased approximately \$5,711,000 for the year ended June 30, 2021 in comparison to the year ended June 30, 2020. This is primarily attributable to UMCP Energy, \$8,174,000, due to the additional surplus fund distributions made in the prior year to the University of Maryland, College Park pursuant to the closing of the bond trust accounts upon retirement of the Project's bonds and a decrease in depreciation expense as a result of the Project's fixed assets becoming fully depreciated in the prior year, and UMCP Housing, \$5,553,000, as a result of an increase in revenue as students started to return to campus, and a decrease in ground rent expense due to increased deposits made to the repair and replacement fund. These decreases were partially offset by increases at other operating projects, \$3,654,000, due to the on-going impact of COVID-19 on operations, and losses recognized on Bowie Mixed Use, \$1,595,000, and Morgan Thurgood Marshall Hall, \$2,676,000, while the student housing facilities are under development.
- Net Non-operating revenues (expenses) increased \$3,110,000. This increase is primarily attributable to a decrease in surplus funds distribution expense, \$7,306,000, due to the additional distribution made by UMCP Energy in the prior year to the University of Maryland, College Park pursuant to the closing of the bond trust accounts upon retirement of the Project's bonds. This increase was partially offset by an increase in interest expense, \$2,462,000, primarily due to the issuance of bonds for the development of the Morgan Thurgood Marshall Hall student housing facility, and a decrease in interest income, \$1,451,000, primarily due to a decrease in interest rates on deposits and investments.

## Financial Analysis of MEDCO - continued

Significant factors in the results for the year ended June 30, 2020 include:

Under terms of the CBCC trust indenture, MEDCO is required to promptly employ a management consultant to submit a written report and recommendations with respect to the Project. MEDCO has engaged both a project analyst consulting firm and an asset management/turnaround consultant to evaluate the operations of CBCC. Since May 1, 2014, CBCC has had a forbearance agreement with the trustee which provides for a partial deferral of interest and principal payments owed under the bonds. Effective April 1, 2020, the forbearance agreement was amended and extended to October 30, 2020. In addition to providing for a partial deferral of interest and principal payments owed under the bonds, the agreement allows for the use of funds and accounts held under the trust indenture and in the capital reserve fund for payment of specified accounts payable, operating expenses and refunds of advanced deposits. The results for the year ended June 30, 2020 were significantly impacted by COVID-19 and the resulting temporary suspension of operations in March 2020. On June 22, 2020, the Project resumed operations with limitations on occupancy, pool capacity, spa hours and food and bar service, among others. Additional information relating to the status of this Project is provided in Note 11 to the financial statements.
- As of June 30, 2020, management identified UMCP Housing, UMBC, UMAB, Frostburg, and Towson WV and MH student housing projects as "Watch" projects, as defined in MEDCO's loan classification policy. UMCP Housing, UMBC, UMAB, Frostburg and Towson WV and MH did not meet their respective coverage ratios as of June 30, 2020. As such, as of June 30, 2020, MEDCO was actively working to engage a management consultant for these Projects.

## Financial Analysis of MEDCO - continued

- Losses from operating facilities increased approximately \$4,508,000 for the year ended June 30, 2020 in comparison to the year ended June 30, 2019. This was attributable to CBCC, \$6,323,000, and other operating projects, \$4,976,000, primarily as a result of lower revenues due to the COVID-19 related temporary closure of the Projects beginning in March 2020. The increase in losses from operating facilities was also attributable to UMCP Energy, \$5,441,000, primarily due to the additional surplus funds distribution made to the University of Maryland, College Park pursuant to the closing of the bond trust accounts upon retirement of the Project's bonds, RIC, \$2,034,00, primarily due to the gain recognized on the disposition of the Project in the prior year, and the loss recognized on Bowie Mixed Use while under development, \$1,052,000. These increases were partially offset by \$14,269,000 at NCCoE, primarily due to the loss recognized on the disposition of the Project in the prior year, and \$1,049,000 at Towson WV and MH for the loss recognized on the retirement of assets in the prior year for the early retirement of right to use building assets due to the renovations to the building envelope, as compared to the loss recognized in the current year.
- Income from other operations increased \$4,023,000 for the year ended June 30, 2020 in comparison to the year ended June 30, 2019. This increase was primarily attributable to a decrease in depreciation expense of \$589,000 and a decrease in the loss recognized on the retirement of assets of \$2,848,000 as a result of the sale of a building asset in the prior year. Consulting and management fees increased \$473,000 primarily due to an increase in development projects and activity and the fees for managing the projects.
- Net Non-operating revenues (expenses) increased \$9,376,000. This increase was primarily attributable to a decrease in issuance expense of \$1,453,000 due to the prior year issuance of bonds to acquire the leasehold interest in BCG, and for the loss recognized on the retirement of assets in the prior year for the sale of a building asset, the early retirement of right to use building assets due to the renovations to the building envelope and HVAC system at Towson MH and the disposition of the NCCoE and RIC projects totaling \$16,118,000, as compared to the current year loss recognized on the retirement of assets of \$407,000. This increase was partially offset by the additional surplus funds distribution to the University of Maryland, College Park, \$5,962,000, for UMCP Energy pursuant to the closing of the bond trust accounts upon retirement of the Project's bonds, current year bond issuance costs for Bowie Mixed Use, \$546,000, and a decrease in settlement income, \$675,000, due to the prior year settlement at UMCP Energy.

Additional information relating to the operating results of the operating facilities for the years ended June 30, 2021 and 2020 is provided in Note 7 to the financial statements.

### Debt

As of June 30, 2021, MEDCO had total bonds and notes payable outstanding of \$729,099,000, an increase of 10.1% from June 30, 2020. As discussed above, none of the bond or note debt is backed by the full faith and credit of the State of Maryland or MEDCO.

During 2021, MEDCO issued debt totaling \$84,323,000, including an original issue premium and discount, to finance the development of the Morgan Thurgood Marshall Hall student housing facility. Aggregate principal payments/reductions on bonds and notes payable during the year were \$14,933,000.

As of June 30, 2020, MEDCO had total bonds and notes payable outstanding of \$662,290,000, an increase of 4.9% from June 30, 2019. As discussed above, none of the bond or note debt is backed by the full faith and credit of the State of Maryland or MEDCO.

During 2020, MEDCO issued debt totaling \$50,455,000, including an original issue premium and discount, to finance the development of the Bowie Mixed Use Project. Aggregate principal payments/reductions on bonds and notes payable during the year were \$17,120,000.

Additional information relating to debt and capital lease obligations is provided in Note 8 to the financial statements.

#### **Contacting Management of MEDCO**

This report is designed to provide Maryland citizens and taxpayers, and our customers, clients, investors and creditors, with a general overview of the finances of MEDCO. If you have questions about this report or need additional information, including individual Project audited financial statements, contact Maryland Economic Development Corporation, 7 St. Paul Street, Suite 940, Baltimore, MD 21202.

#### INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Maryland Economic Development Corporation:

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Maryland Economic Development Corporation (MEDCO), as of and for the years ended June 30, 2021 and 2020, and the related notes to the financial statements, as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MEDCO as of June 30, 2021 and 2020, and the changes in its financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Report on Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 13, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the supplementary information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

### 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Organization**

Maryland Economic Development Corporation (MEDCO) is a body corporate and political and a public instrumentality of the State of Maryland that was created in 1984 by an act of the Maryland General Assembly. MEDCO's purpose is to attract new business and encourage expansion of existing businesses in Maryland through the development, expansion and/or modernization of facilities. In fulfilling this purpose, MEDCO owns and leases certain properties and makes loans to organizations that require financing to acquire or develop properties. MEDCO also serves as a consultant or development manager on certain projects.

MEDCO issues limited-obligation revenue bonds and notes to provide capital financing for projects. Most of the bonds and notes are conduit debt obligations issued for specific third parties in MEDCO's name. In most of these cases, the related asset, liabilities, revenues, expenses and cash flows are not included in MEDCO's financial statements, as MEDCO has no obligation for the debt beyond the resources provided under the related loan with the party on whose behalf the debt was issued. The bonds and notes not issued for specific third parties primarily finance operating facilities of MEDCO. These bonds and notes are payable solely from the revenues of the respective facilities as defined in the related bond indentures.

MEDCO is governed by a twelve-member board appointed by the Governor. MEDCO qualifies for tax-exempt status under Section 501(c)(4) of the Internal Revenue Code and Section 10-104 of the Tax-General Article of the Annotated Code of Maryland. Accordingly, no provision for income taxes or income tax benefit has been recorded.

#### **Basis of Presentation**

The accompanying financial statements present the financial position, changes in financial position and cash flows of MEDCO. As a special purpose government entity engaged solely in business-type activities, MEDCO follows enterprise fund reporting; accordingly, the financial statements are presented using the economic resources measurement focus and accrual basis of accounting wherein revenues are recognized when earned and expenses are recognized when incurred. Also, in preparing its financial statements, MEDCO has adopted Government Accounting Standards Board (GASB) Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements.

### 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

#### **Basis of Presentation – continued**

MEDCO has elected to report its conduit debt as allowed under GASB Interpretation No. 2, *Disclosure of Conduit Debt Obligations*. The term conduit debt obligations refers to certain limited-obligation revenue bonds or notes issued by MEDCO for the express purpose of providing capital financing for a specific third party that is not a part of MEDCO's financial reporting entity. Although conduit debt obligations bear the name of MEDCO, MEDCO has no obligation for such debt beyond the resources provided by financing leases or loans with the third parties on whose behalf they are issued. Since these conduit debt obligations do not constitute a liability of MEDCO, management has elected to exclude certain conduit debt obligations, the related assets, revenues, expenses and cash flows from its financial statements. In circumstances where the related assets and liabilities do not fully offset, management has elected to continue reporting the related assets, liabilities, revenues, expenses, and cash flows in its financial statements; however, MEDCO, as with all other conduit bonds and notes, has no obligation for the conduit debt beyond the resources provided under the related leases or loans with the parties on whose behalf the debt was issued.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### **Cash and Cash Equivalents**

Short-term investments with maturities of three months or less on the date of purchase are classified as cash equivalents, except that any such investments purchased with funds on deposit with the bond trustee are classified with such deposits.

Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor. MEDCO periodically maintains cash balances in excess of FDIC coverage. Management considers this to be a normal business risk.

MEDCO is required by Section 17-101(d) of the Local Government Article of the Annotated Code of Maryland to collateralize deposits in banks in excess of federal deposit insurance. Satisfactory collateral is enumerated at Section 6-202 of the State Finance and Procurement Article of the Code. As of June 30, 2021 and 2020, bank deposits were properly collateralized.

As of June 30, 2021 and 2020, \$26,026,119 and \$54,109,314, respectively, of cash and cash equivalents were restricted under third party agreements and not available to pay general operating expenses of MEDCO.

### 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

#### **Investments**

Investments include certificates of deposit, U.S. Government Agency bills, notes and bonds, and money market funds. Investments are recorded as either short-term or long-term in the accompanying statements of net position based on the contractual maturity date. Certain U.S. Government Agency term notes classified as short-term investments have maturities that extend beyond one year, however, management has not expressed an intention to hold these investments to maturity.

### **Security Deposits**

Security deposits are held in checking and money market accounts and represent cash restricted under state law. As of June 30, 2021, security deposits were overfunded at Morgan View and Thurgood Marshall Hall Student Housing at Morgan State University (Morgan), \$1,732, and University Village at Sheppard Pratt (University Village), \$37,433. As of June 30, 2020, security deposits were underfunded at Morgan, \$65,922, and overfunded at South Campus Commons and The Courtyards at University of Maryland, College Park (UMCP Housing), \$374,832, and University Village, \$36,218. The over and underfundings are a result of the timing of receipts and refunds that are transacted in the operating accounts of the facilities. Periodically, funds are transferred from cash and cash equivalents to security deposits to meet the minimum funding requirements.

#### Fund for Replacement of and Additions to Furnishings and Equipment

The Hyatt Hotels Corporation of Maryland (Hyatt) management agreement for the Chesapeake Bay Conference Center (CBCC) requires that a reserve fund for replacement of and additions to furnishings and equipment be established. An interest-bearing account is maintained for the fund. As of June 30, 2021 and 2020, all bank deposits related to the reserve fund for replacement of furnishings and equipment were properly collateralized in accordance with Section 17-101(d) of the Local Government Article of the Annotated Code of Maryland.

Pursuant to the Hyatt management agreement, the amount to be contributed to the fund was equal to 4% of gross receipts, as defined, through June 30, 2008, and 5% from July 1, 2008 through June 30, 2011. From July 1, 2011 through July 1, 2015, the agreement provided for 5% plus additional amounts not in excess of 2% of gross receipts (as MEDCO and Hyatt deem reasonably necessary to meet the current or anticipated capital expenditure needs of the Hotel). Pursuant to a forbearance agreement, effective May 1, 2014 and during the forbearance period, the amount to be contributed to the fund is capped at 5% of gross receipts. As of June 30, 2021 and 2020, the reserve fund was underfunded by approximately \$1,259,000 and \$61,000, respectively. The shortfall at June 30, 2021 is the result of a lack of funds available due to the limitations on occupancy and operations in place due to COVID-19 restrictions (Notes 11 and 12). As of October 25, 2021, the shortfall for 2021 and 2020 has not been funded. The shortfall at June 30, 2020 was the result of a lack of funds available due to the temporary suspension of operations due to COVID-19 restrictions.

### 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

#### Loans Receivable

Loans are stated at their uncollected principal balances, reduced by unearned income. Loans are classified as non-accrual when they become past due for ninety days. A loan remains in non-accrual status until it becomes current as to both principal and interest and the borrower demonstrates the ability to pay and remain current. MEDCO utilizes the allowance method to provide for doubtful accounts based upon a review of past-due loans and historical collection experience. Loan receivables are written off when it is determined the amounts are uncollectible. The balance of the allowance for doubtful accounts was \$730,908 as of June 30, 2021 and 2020.

#### **Receivables under Direct Financing Leases**

Leases which transfer substantially all the risks and benefits of ownership to tenants are considered finance leases and the present values of the minimum lease payments and the estimated residual values of the leased properties, if any, are accounted for as receivables. In general, revenues under the financing leases are recognized when due from tenants.

#### **Rent and Other Receivables**

Rent and other receivables consist of amounts due for rent, management fees, and construction advances. Certain operating facilities extend credit to customers without requiring collateral. For certain contracts, the operating facilities require advance deposits prior to services being performed. The operating facilities utilize the allowance method to provide for doubtful accounts based upon a review of past-due accounts and historical collection experience.

Receivables are written off when it is determined amounts are uncollectible. The balance of the allowance for doubtful accounts as of June 30, 2021 and 2020 totaled \$4,919,098 and \$1,461,209, respectively.

### **Inventory**

Inventory, consisting primarily of food and beverage, is stated at the lower of cost or market. Cost is generally determined by the first-in, first-out (FIFO) method.

#### **Service Concession Arrangements**

MEDCO assists in the development of various student housing projects for the University System of Maryland. The land underlying the Projects is leased from the State of Maryland and title to the Projects will revert to the universities upon termination of the ground leases. In accordance with GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements* (GASB 60), the arrangement between MEDCO and the universities qualifies as a service concession arrangement.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

### 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

### **Service Concession Arrangements – continued**

MEDCO also assisted in the development of a student housing project for Capitol Technology University. The land underlying the project is subleased from CTU Foundation, Inc. (CTU Foundation) and leased from Capitol Technology University and title to the Project will revert to CTU Foundation upon termination of the sublease. In accordance with GASB 60, the arrangement between MEDCO and CTU Foundation qualifies as a service concession arrangement.

MEDCO also assists in the operations of three parking garages for the City of Baltimore. The land underlying the Project is leased from the City of Baltimore and title to the Project will revert to the City of Baltimore upon termination of the lease. In accordance with GASB 60, the arrangement between MEDCO and the City of Baltimore qualifies as a service concession arrangement.

MEDCO will operate and collect revenues from the Projects for the duration of the lease terms. GASB 60 requires that the Projects recognize the cost of the student housing facilities and parking garages as an intangible asset, and amortize the asset using the straight line method over the shorter of the estimated useful life or the life of the ground lease agreement. The intangible asset is reflected as right to use buildings in the accompanying statements of net position as of June 30, 2021 and 2020.

Service concession arrangements are evaluated for impairment on an annual basis under GASB Statement No. 51, *Accounting and Financial Reporting for Impairment of Intangibles* (GASB 51). GASB 51 requires an evaluation of prominent events or changes in circumstances affecting intangibles to determine whether impairment of an intangible has occurred. Such events or changes in circumstances that may be indicative of impairment include expedited deterioration of an associated tangible asset, changes in the terms or status of a contract associated with an intangible asset, and a change from an indefinite to a finite useful life. As of June 30, 2021 and 2020, management does not believe that any of the service concession arrangements of MEDCO meet the criteria for impairment as set forth in GASB 51.

### **Capital Assets and Depreciation and Amortization**

Capital assets are carried at cost including interest, carrying charges, salaries and related costs incurred during the construction phase, and pre-construction costs, less accumulated depreciation and amortization. Depreciation generally is computed on the straight-line basis over the estimated useful lives of the assets. Useful lives are 40 years or the life of the operating lease for buildings and 3 to 15 years for furnishings and equipment. Improvements are generally amortized over the lesser of the terms of the related leases or the useful lives of the assets. Maintenance and repairs are expensed as incurred.

### 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

### Capital Assets and Depreciation and Amortization – continued

Capital assets are evaluated for impairment on an annual basis under GASB Statement No. 42, Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries (GASB 42). GASB 42 requires an evaluation of prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. Such events or changes in circumstances that may be indicative of impairment include evidence of physical damage, enactment or approval of laws or regulations or other changes in environmental factors, technological changes or evidence of obsolescence, changes in the manner or duration of use of a capital asset, and construction stoppage. As of June 30, 2021 and 2020, management does not believe that any of the capital assets of MEDCO meet the criteria for impairment as set forth in GASB 42.

Acquisition and development, including interest on related debt, are expensed as incurred. All costs are classified as construction in progress until the property is ready for its intended use, at which time the accumulated costs are transferred to the appropriate operating property or other accounts.

### **Reserve Deposits**

Reserve deposits consist of amounts collected from the University of Maryland College Park for the UMCP Energy Project, to be used in accordance with the Project's respective service and management agreements. Reserve deposits totaled \$7,861,596 and \$7,527,500 as of June 30, 2021 and 2020, respectively.

### **Security Deposits Liabilities**

As of June 30, 2021 and 2020, security deposits had been collected from certain tenants and licensees. In some operating facilities the security deposit is refunded to the tenant with interest upon termination of the lease or license, provided no damages, claims or other charges are outstanding on the tenant's account. In other operating facilities the security deposit is applied to the tenant's first month's rent. Security deposits totaled \$661,686 and \$357,890 as of June 30, 2021 and 2020, respectively.

#### **Net Position**

Net position is presented as either net investment in capital assets, restricted under trust indentures, restricted for capital and other purposes or unrestricted. Net investment in capital assets represents the difference between capital assets and right to use buildings and the related debt obligations. Net position restricted under trust indentures represents the remaining net assets of the operating facilities as all surplus funds are restricted as to their use under the terms of the respective trust indentures. The restricted for capital and other purposes component of net position represents funds held for use at the direction of the respective contributing third party. The unrestricted components of net position represent the net assets available for future operations, including Projects with a negative net position. The unrestricted components of net position include unrestricted – MEDCO and unrestricted – Projects. Unrestricted net position is reported in this format as MEDCO has no obligation to provide funding for Projects with a negative unrestricted net position.

### **Revenue Recognition**

Revenues related to the leasing of apartments and office space are recognized monthly over the terms of the leases. Revenues related to hotel room rentals, food and beverage sales and spa services are recognized when services are delivered. Revenues related to the delivery of energy to the University of Maryland are recognized upon delivery of services in accordance with the energy services agreement up to a maximum amount per year for capital recovery charges as defined in the related trust indenture. Revenue from parking fees is collected and recognized daily for transient parkers and monthly for long-term parkers as stipulated in their agreement. Revenue billed or received but not earned is shown as deferred inflow of resources in the accompanying statements of net position. All other revenue is recognized when the service is provided.

### **Rents and Fees Collected in Advance**

Rents and fees collected in advance represent amounts received for future rental periods on leases or parking agreements in effect as of June 30, 2021 and 2020.

### **Deferred Outflows and Inflows of Resources**

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until a future period. As of June 30, 2021 and 2020, MEDCO recognized deferred advance refunding costs as a deferred outflow of resources on the accompanying statements of net position.

A deferred inflow of resources represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. As of June 30, 2021 and 2020, MEDCO recognized deferred advance refunding gains, and rents and fees collected in advance, which do not meet the availability criteria, as a deferred inflow of resources on the accompanying statements of net position.

### **Advertising Costs**

Advertising costs are expensed as incurred. Advertising expense totaled \$800,745 and \$898,254 for the years ended June 30, 2021 and 2020, respectively.

## **Classification of Revenues and Expenses**

Revenues and expenses related to the day-to-day activities of MEDCO are reported as operating revenues and expenses. Other revenue and expenses, consisting primarily of interest income and expense, gains and losses on sales and retirements of assets, settlement income, bond issuance costs, and surplus fund distributions, are reported as non-operating revenues and expenses.

### **Recently Issued Accounting Pronouncements**

In June 2017, the GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. This new guidance is effective for annual reporting periods beginning after June 15, 2021 and should be applied prospectively. Early adoption is permitted. MEDCO is currently evaluating the impact of adopting the new Statement on the accompanying financial statements.

In May 2019, the GASB issued Statement No. 91, Conduit Debt Obligations. The objective of this Statement is to provide a single method of reporting conduit debt obligations by issuers and eliminating diversity in practice associated with (1) commitments extended by issuers, (2) arrangement associated with conduit debt obligations and (3) related note disclosures. This Statement also clarifies the existing definition of a conduit debt obligation and improves required note disclosures. This new guidance is effective for annual reporting periods beginning after December 15, 2021. Early adoption is permitted. MEDCO is currently evaluating the timing of its adoption and the impact of adopting the new Statement on the accompanying financial statements.

In May 2020, the GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements. The objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITA's) for government end users. Under this Statement, a government generally should recognize a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability. This new guidance is effective for fiscal years beginning after June 15, 2022 and should be applied prospectively. Early adoption is permitted. MEDCO is currently evaluating the timing of its adoption and the impact of adopting the new Statement on the accompanying financial statements.

### 2. DEPOSITS WITH BOND TRUSTEES - RESTRICTED - continued

The trust indentures authorize MEDCO or its trustee banks to invest the deposits as detailed under *Credit Risk* below. Interest earned on these investments totaled approximately \$424,000 and \$1,677,000 for the years ended June 30, 2021 and 2020, respectively. Investments of deposits with trustees are carried at fair value and include non-participating investment contracts (i.e., contracts which are not able to realize market-based increases or decreases in value under any circumstances) for which cost approximates fair value due to the nature of the contract. Investments of deposits with trustees are summarized as follows as of June 30,:

	2021	2020
Purchase and resale agreements:		
Bearing interest at rates from 5.76% to 6.36% and		
maturing through June 1, 2031	\$ 3,765,830	\$ 3,765,830

The credit ratings of these investments were rated between AAA and A2 by Moody's and AA and A+ by Standard and Poor's as of June 30, 2021. The credit ratings of these investments were rated between AAA and A1 by Moody's and AA and A+ by Standard and Poor's as of June 30, 2020.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

### 2. DEPOSITS WITH BOND TRUSTEES - RESTRICTED - continued

The deposits with bond trustees are subject to certain risks including the following:

Interest Rate Risk — The trustees have limited investments to money market and mutual funds that invest in U.S. government securities that can be liquidated at any time to meet the cash flow requirements of MEDCO, short term U.S. treasury notes which are subject to minimal interest rate risk due to their short term nature and fixed rate investment contracts and repurchase agreements that are guaranteed as to the face value of the investments as a means of managing interest rate risk. As a result, MEDCO is not subject to interest rate risk.

Credit Risk – Trust indentures generally limit MEDCO's investments to obligations of the United States of America (Government Obligations) and certain defined federal agencies obligations provided they are backed by the full faith and credit of the United States of America, are not callable at the option of the obligor prior to maturity and are not subject to redemption at less than the par amount thereof; certificates of deposit and time deposits with commercial banks, trust companies or savings and loan associations secured by Government Obligations; obligations guaranteed as to principal and interest by the State of Maryland or any department, agency, political subdivision or unit thereof; United States dollar denominated deposit accounts with commercial banks in the State of Maryland; bonds or other obligations of any state of the United States of America, or of any agency, instrumentality or local government unit of any such state which are not callable at the option of the obligor prior to maturity; general obligations of states; investment agreements; repurchase agreements for Government Obligations; guaranteed investment contracts; commercial paper; public sector pool funds so long as MEDCO's deposit does not exceed 5% of the aggregate pool balance at any time; and money market or short-term Government Obligations. As defined in the trust indentures, certain investments listed above must meet specific requirements to be a qualifying investment, such as high rating qualifications based on information from the major rating agencies, collateralization requirements, guaranteed repayment, and maturity requirements. MEDCO's investments were in compliance with these limitations as of June 30, 2021 and 2020.

Concentration of Credit Risk – MEDCO's investment policy does not limit the amount that may be invested in any one issuer except for public sector pool funds as described under Credit Risk above. MEDCO held no investments in public sector pool funds as of June 30, 2021 and 2020.

Custodial Risk – MEDCO is not subject to custodial risk because mutual funds are not evidenced by securities that exist in physical form and all other deposits are held in MEDCO's name.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

### 2. DEPOSITS WITH BOND TRUSTEES - RESTRICTED - continued

The trust indentures require certain of the Projects to establish renewal and replacement funds to provide cash reserves that will fund future capital additions and repairs and replacement of furnishings and equipment. These funds are to be segregated in a separate account within the trusts. As of June 30, 2021 the repair and replacement funds were underfunded at Christa McAuliffe Student Housing at Bowie State University (Bowie), \$635,000, CBCC, \$1,259,000, Edgewood Commons Student Housing at Frostburg State University (Frostburg), \$286,000, West Village (Towson WV) and Millennium Hall (Towson MH) Student Housing at Towson University, \$1,619,000, Walker Avenue Student Housing at University of Maryland, Baltimore County (UMBC), \$469,000, and University Village, \$533,000. As of June 30, 2020, the repair and replacement funds were underfunded at Bowie, \$312,000, CBCC, \$61,000, University Park Phase I and II at Salisbury University (Salisbury), \$114,000, Towson WV and Towson MH, \$715,000, and UMCP Housing, \$1,249,000. As of October 25, 2021, the shortfalls have not been funded.

Investments are measured and reported at fair value and are classified and disclosed in one of the following categories:

- Level 1 Quoted prices are available in active markets for identical investments as of the reporting date.
- Level 2 Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.
- Level 3 Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation.

The following table sets forth by level, within the fair value hierarchy, MEDCO's investments at fair value as of June 30, 2021:

	Level	1	Level 2	Level 3		Total
Investments by fair value level						
Debt securities						
Purchase and resale agreements	\$	-	\$ 3,765,830	\$	-	\$ 3,765,830

The following table sets forth by level, within the fair value hierarchy, MEDCO's investments at fair value as of June 30, 2020:

	Level 1	Level 2	Level 3	Total
Investments by fair value level				
Debt securities				
Purchase and resale agreements	\$ -	\$ 3,765,830	\$ -	\$ 3,765,830
U.S. treasury obligations	21,105,606	-	-	21,105,606

Total investments by fair value level	\$ 21,105,606	\$ 27,422,515	\$ -	\$ 48,528,121

As described above, MEDCO's Level 1 and Level 2 investments are required to be invested in accordance with the trust indenture. As such they must meet specific requirements to be a qualifying investment, such as high rating qualifications, collateralization requirements, guaranteed repayment and maturity requirements. MEDCO's investments were in compliance with these limitations as of June 30, 2021 and 2020.

MEDCO also invests in a money market fund that has a remaining maturity of one year or less at the time of purchase. The investment in this fund is valued at cost, which approximates fair value, and is excluded from the scope of GASB 72, *Fair Value Measurement and Application*, and totaled \$152,646,592 and \$70,510,560 as of June 30, 2021 and 2020, respectively.

#### 3. LOANS RECEIVABLE

The loans receivable are due in periodic installments (generally monthly or quarterly) and generally provide for payments of principal and interest on the same terms as the debt issued to finance them. Substantially all of the loans have been assigned as security for the related notes or revenue bonds payable (Note 8).

Future payments on the loans receivable are due as follows as of June 30, 2021:

	 Total	Principal		Interest		
2022	\$ 28,000	\$	25,000	\$	3,000	
2023	27,000		25,000		2,000	
2024	26,000		25,000		1,000	
2025	 25,000		25,000			
Total	\$ 106,000	\$	100,000	\$	6,000	

As of June 30, 2021 and 2020, there was one loan receivable totaling \$730,908 recorded in the accompanying financial statements, on non-accrual status and fully reserved. Balances due under this loan are not reflected in the table above.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

#### 4. RECEIVABLES UNDER DIRECT FINANCING LEASES

The leasing operations of MEDCO consist primarily of the leasing of office buildings and other facilities. The receivables under financing leases are summarized as follows as of June 30,:

	2021	 2020
Total minimum rent payments to be received over lease terms Unearned income	\$ 1,318,297 (310,991)	\$ 1,525,981 (355,715)
Receivables under direct financing leases	\$ 1,007,306	\$ 1,170,266

The minimum rent payments to be received from tenants under direct financing leases in effect as of June 30, 2021 are as follows:

2022	\$ 67,086
2023	80,451
2024	109,380
2025	109,380
2026	191,731
2027-2031	382,628
2032-2036	 377,641
Total	\$ 1,318,297

In April 2021, a tenant expressed their intent to exercise a purchase option with MEDCO, as stipulated within their lease agreement, at a purchase price of approximately \$845,000. The purchase option was subsequently executed in July 2021.

As of June 30, 2021 and 2020, notes payable related to direct financing leases totaled \$37,161 and \$82,710, respectively, and are included in bonds and notes payable in the accompanying financial statements.

#### 5. RIGHT TO USE BUILDINGS

Pursuant to GASB 60 and the service concession arrangements between MEDCO and certain student housing projects of the University System of Maryland, CTU Foundation, and the City of Baltimore, the Projects have recorded a right to use buildings asset on the accompanying statements of net position. Under GASB 60, any costs of improvements made to the facilities during the term of the service concession arrangements increases the right to use buildings asset. The right to use buildings assets are required to be amortized in a systematic and rational manner. The Projects have amortized the right to use buildings assets using the straight-line method over the lesser of the term of the lease or the useful lives of the underlying assets to which the Projects have the right to use. The portion of the right to use buildings asset attributable to the underlying buildings and improvements is being amortized over a useful life of 17 to 39 years and 10 months using the straight-line method, and the portion attributable to furnishings and equipment is being amortized over 3 to 10 years using the straight-line method.

- Chesapeake Bay Conference Center (CBCC), a hospitality project located in Cambridge, Maryland. The project was completed and opened in August 2002.
- Edgewood Commons Student Housing at Frostburg State University (Frostburg), an apartment project located in Garrett County, Maryland. The project was completed and opened in August 2003.
- Owings Mills Metro Centre Garage (Metro Centre), a parking garage located in Owings Mills, Maryland. The project was completed and opened in December 2014.
- Morgan View and Thurgood Marshall Hall Student Housing at Morgan State University (Morgan), an apartment project located in Baltimore City, Maryland. Morgan View was completed and opened in August 2003. Construction of Thurgood Marshall Hall began in 2021 with total construction costs of approximately \$14,826,000. Occupancy is currently expected to begin in August 2022.
- National Cybersecurity Center of Excellence (NCCoE), (formerly William Hanna Innovation Center), an office/laboratory facility designed for use by biotechnology and computer technology companies located in Montgomery County, Maryland. During the year ended June 30, 2015, the project ceased operations and was repurposed for use by the National Institute of Standards and Technology (NIST). The redevelopment was completed and re-opened in January 2016. The total costs of construction for the repurposing of the building was approximately \$12,969,000. The project was disposed of in August 2018 with a final distribution of remaining assets occurring in April 2021.
- Rockville Innovation Center (RIC), an office facility designed for use by technology companies located in Montgomery County, Maryland. The project was completed and opened in June 2007. The project was disposed of in August 2018 with a final distribution of remaining assets occurring in April 2021.
- University Park Phase I and II at Salisbury University (Salisbury), an apartment project located in Wicomico County, Maryland. University Park II was completed and opened in August 2004. In July 2012, MEDCO acquired University Park I.
- West Village (Towson WV) and Millennium Hall (Towson MH) Student Housing at Towson University, an apartment project located in Baltimore County, Maryland. West Village was completed and opened in August 2008. In July 2012, MEDCO acquired Millennium Hall.

- Walker Avenue Student Housing at University of Maryland, Baltimore County (UMBC), an apartment project located in Baltimore County, Maryland. The first phase of the project was completed and opened in August 2003. The second phase of the project was completed and opened in August 2004.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

## 7. OPERATING FACILITIES – continued

- The University of Maryland, College Park, Energy and Utility Infrastructure Program (UMCP Energy), a program under which MEDCO leases land, certain energy conversion facilities and steam, electricity and chilled water delivery systems at the UMCP campus in Prince George's County, Maryland, and provides energy conversion, delivery and related services to UMCP. The Program began in August 1999.
- South Campus Commons and The Courtyards at University of Maryland, College Park (UMCP Housing), an apartment project located in Prince George's County, Maryland. The project consists of seven student residential housing buildings known as University of Maryland, College Park South Campus Commons and seven garden style apartments known as The Courtyards at University of Maryland, College Park. MEDCO originally acquired only South Campus Commons Phase II in July 2003, at which time development of the first of three building of that phase was substantially completed. It was opened to residents in August 2003. Construction of two additional buildings in the South Campus Commons Phase II was completed and opened to residents in August 2004. In April 2006, MEDCO acquired The Courtyards at the University of Maryland and South Campus Commons Phase I. In August 2008 construction began on a seventh student residential housing building in South Campus Commons which opened for occupancy in January 2010.
- University Village at Sheppard Pratt (University Village), an apartment project located in Baltimore County, Maryland. The project was completed and opened in August 2002.

The operating facilities, with the exception of NCCoE which was leased to a single federal technology agency, are managed for MEDCO by independent management companies that provide management, administrative and other services pursuant to management agreements. The agreements generally provide for base and incentive fees and reimbursement of certain costs incurred by the managers in connection with the operation of the facilities.

Operating expenses of the operating facilities include fees to MEDCO (eliminated in consolidation) and totaled \$1,664,054 and \$1,626,530, for the years ended June 30, 2021 and 2020, respectively. Net non-operating expenses for the years ended June 30, 2021 and 2020 include interest expense related to debt service of operating facilities totaling \$30,245,919 and \$27,771,657, respectively.

The operating facilities are considered segments of MEDCO for financial reporting purposes. Financial statements of each facility in operation during the years ended June 30, 2021 and 2020 are included on the following pages:

Business and Economic Development (DBED)	 13,700,160	 13,778,650
Total	\$ 729,099,162	\$ 662,289,767

The revenue bonds payable are secured by deeds of trust or mortgages on the related facilities and/or assignments of the related notes receivable or leases and, in most cases, irrevocable letters of credit issued by commercial banks. This debt matures at various dates through June 2058 and, as of June 30, 2021 and 2020, bears interest at a weighted average effective rate of 4.56% and 4.54%, respectively.

The notes payable are generally secured by mortgages on the related properties and/or assignments of the related notes receivable or leases. This debt matures at various dates through November 2032 and, as of June 30, 2021 and 2020, bears interest at a weighted average effective rate of 6.83% and 6.82%, respectively, including an average effective rate of 5.25% and 6.45%, respectively, on variable rate notes of \$9,000,000 for the years then ended. The interest rates on the variable rate notes are primarily based on the Prime Rate.

Total interest on bonds and notes payable totaled \$30,486,400 and \$28,024,460 during the years ended June 30, 2021 and 2020, respectively.

Bonds and notes payable are summarized as follows as of June 30,:

## 10. COMMITMENTS AND CONTINGENCIES

## Leases

#### **Bowie**

The land underlying Bowie is leased from the State of Maryland on behalf of Bowie State University (BSU) under a non-cancellable operating lease expiring on the earlier to occur of June 1, 2043 or the date on which the bonds have been fully repaid. Rent payable under the lease is equal to "net revenues," as defined. Payment of the rent is subject to the project meeting a coverage ratio and is subordinated to all payments required under the bonds payable and related trust indenture. Effective July 1, 2007, MEDCO entered into a Memorandum of Understanding with BSU that includes a cash basis calculation of ground rent expense and an evaluation of total ground rent due and accrued since the inception of the project. Payments of ground rent are limited to the amount of cash available in the surplus fund as of June 30 each year. Accrued ground rent will exceed ground rent expense to the extent that cumulative additions to ground rent expense are greater than the amount of cash available in the surplus fund for ground rent payments. Accrued ground rent will be reduced for ground rent payments and to the extent that negative ground rent expense can be credited against past due ground rent payments. Cumulative negative ground rent expense in excess of ground rent may be deducted against ground rent due and payable for the succeeding year and shall not be refundable. Ground rent expense was \$0 and (\$334,539) for the years ended June 30, 2021 and 2020, respectively. Ground rent payments from the surplus fund totaled \$0 and \$494,676 during the years ended June 30, 2021 and 2020, respectively. Accrued ground rent was \$0 as of June 30, 2021 and 2020. As of June 30, 2021, the Project has cumulative negative ground rent expense in excess of accrued ground rent totaling \$7,527 that can be deducted against future ground rent due.

The lease provides various conditions and restrictions on the use, operation and maintenance of the project and provides the State of Maryland, on behalf of Bowie State University, an option to purchase the project improvements for a price of \$1 plus the outstanding balance of the bonds payable (or other permitted debt) at any time during the lease term. Title to the project improvements will revert to the University System of Maryland upon termination of the lease.

#### **City Garages**

In July 2018, MEDCO entered into an operating agreement with the City of Baltimore to lease three parking garages, terminating at the earlier of the 50<sup>th</sup> anniversary of closing or the date on which the Series 2018 bonds are fully repaid. From on and after the commencement of the lease, on each release date, as defined in the trust indenture, MEDCO shall pay to the City of Baltimore rent in the amount of a distributable portion of the Surplus Fund, as defined in the trust indenture (Additional Rent). If on any release date funds are not eligible, under the terms of the trust indenture, to distribute the Additional Rent, the amounts allocable will be held for the account of the City of the Baltimore. As of June 30, 2021 and 2020, the senior rate covenant test was not satisfied. By not satisfying the senior rate covenant test, the distribution test was not met and the remaining balance on deposit in the additional rent account shall remain until the distribution test is met on a future release date, per the trust indenture. The Additional Rent expense for the years ended June 30, 2021 and 2020 was \$0 and \$200,918, respectively. Accrued ground rent totaled \$200,918 as of June 30, 2021 and 2020.

#### CTU

The land underlying CTU is subleased from the CTU Foundation under a non-cancelable sublease expiring on July 14, 2067. Annual rent is equal to "net available cash flow," as defined, less certain defined amounts. Payment of the rent is subordinated to all payments required under the bonds payable and related trust indenture. Ground rent expense was \$0 and \$32,171 for the years ended June 30, 2021 and 2020, respectively. Accrued ground rent totaled \$0 and \$32,171 as of June 30, 2021 and 2020, respectively.

The sublease provides various conditions and restrictions on the use, operation and maintenance of the project and provides the CTU Foundation, on behalf of CTU, an option to purchase the project improvements for a price of the principal balance then outstanding of all sums secured by any leasehold mortgage in effect, plus any premium payable on such indebtedness, plus all interest accrued or to accrue on such indebtedness through the date of payment of such indebtedness, plus any other charges due and payable under the bond documents at any time during the sublease term. Title to the project improvements will revert to CTU Foundation upon termination of the sublease.

#### **CBCC**

The land underlying CBCC is leased from Chesapeake Resort, LLC under a non-cancellable operating lease expiring on November 30, 2036 or on the termination date, as defined. Rent under the lease totaled \$40,000 per year until opening of the project on August 29, 2002. Thereafter, the annual rent is based on the fair market value of the land, as defined, and is subject to increase on August 29 of each year by the greater of 3% or 50% of the amount by which the Consumer Price Index increased during the year. The annual rent is subject to adjustments at the end of the fifth operating year of the project and at five-year intervals thereafter based on changes in the appraised fair market value of the land; however, the adjusted annual rent cannot be less than 103% of the rent in the preceding year. Payment of the rent is subordinated to all payments required under the project's series 2006 bonds payable and related trust indenture. Accrued and unpaid ground rent bears interest at 7% annually.

As of June 30, 2021 and 2020, no payments of ground rents had been made due to the subordination provision. Ground rent expense totaled \$3,667,949 and \$3,491,236 for the years ended June 30, 2021 and 2020, respectively. As of June 30, 2021 and 2020, accrued ground rent under this lease totaled \$43,256,221 and \$39,588,272, respectively. Accrued interest on the unpaid ground rents totaled \$16,219,148 and \$14,426,678 as of June 30, 2021 and 2020, respectively.

## **Frostburg**

The land underlying Frostburg is leased from the State of Maryland under a non-cancellable operating lease expiring on June 17, 2042. Annual rent is equal to "net revenues," as defined, less certain defined amounts. Payment of the rent is subordinated to all payments required under the bonds payable and related trust indenture. Effective July 1, 2007, MEDCO entered into a Memorandum of Understanding with Frostburg State University that includes a cash basis calculation of ground rent expense and an evaluation of total ground rent due and accrued since the inception of the project. Payments of ground rent are limited to the amount of cash available in the surplus fund as of June 30 each year. Accrued ground rent will exceed ground rent expense to the extent that cumulative additions to ground rent expense are greater than the amount of cash available in the surplus fund for ground rent payments. Accrued ground rent will be reduced for ground rent payments and to the extent that negative ground rent expense can be credited against past due ground rent payments. Cumulative negative ground rent expense in excess of ground rent may be deducted against ground rent due and payable for the succeeding year and shall not be refundable. Ground rent expense totaled (\$6,211) and (\$219,947) for the years ended June 30, 2021 and 2020, respectively. Ground rent payments from the surplus fund totaled \$0 and \$301,821 during the years ended June 30, 2021 and 2021, respectively. Accrued ground rent totaled \$639,884 and \$646,095 as of June 30, 2021 and 2020, respectively.

The lease provides various conditions and restrictions on the use, operation and maintenance of the project and provides the State of Maryland, on behalf of Frostburg State University, an option to purchase the project improvements for a price of \$1 plus the outstanding balance of the bonds payable (or other permitted debt) at any time during the lease term. Title to the project improvements will revert to the University System of Maryland upon termination of the lease.

Rent payable under the lease is equal to "net revenues," as defined. Payment of the rent is subordinated to all payments required under the bonds payable and related trust indenture. Effective July 1, 2007, MEDCO entered into a Memorandum of Understanding with Salisbury University, that includes a cash basis calculation of ground rent expense and an evaluation of total ground rent due and accrued since the inception of the project. Payments of ground rent are limited to the amount of cash available in the surplus fund as of June 30 each year. Accrued ground rent will exceed ground rent expense to the extent that cumulative additions to ground rent expense are greater than the amount of cash available in the surplus fund for ground rent payments. Accrued ground rent will be reduced for ground rent payments and to the extent that negative ground rent expense can be credited against past due ground rent payments. Cumulative negative ground rent expense in excess of accrued ground rent may be deducted against ground rent due and payable for the succeeding year and shall not be refundable. Ground rent expense totaled \$1,315,953 and (\$83,855) during the years ended June 30, 2021 and 2020, respectively. Ground rent payments from the surplus fund totaled \$0 and \$1,488,970 during the years ended June 30, 2021 and 2020, respectively. Accrued ground rent totaled \$1,315,953 and \$0 as of June 30, 2021 and 2020, respectively.

The lease provides various conditions and restrictions on the use, operations and maintenance of the project and provides the University System of Maryland on behalf of Salisbury University an option to purchase the project improvements for a price of \$1 plus the outstanding balance of the bonds payable (or other permitted debt) at any time during the lease term. Title to the project improvements will revert to the University System of Maryland upon termination of the lease.

#### **Towson WV & MH**

The land underlying Towson WV is leased from the State of Maryland under a non-cancellable operating lease, as consolidated, amended and restated on June 6, 2012, expiring the earlier of March 27, 2047 or the date on which the bonds have been fully repaid. The annual rent under the lease for the 2007 lease parcel (West Village Student Housing) is \$1. At closing for the 2007 bonds, a leasehold payment of \$1,750,000 was made to Towson University for the leasehold interest during the term of the ground lease for the 2007 lease parcel. This payment is being amortized to ground rent expense over the term of the bonds. Ground rent amortization expense was \$54,545 for each of the years ended June 30, 2021 and 2020. The annual rent under the lease for the 1999 lease parcel (Millennium Hall Student Housing) is equal to "net revenues" from the Millennium Hall facility, as defined. Ground rent expense for the 1999 lease parcel was \$0 for the years ended June 30, 2021 and 2020.

## **UMCP Housing**

The land underlying UMCP Housing is leased from the State of Maryland under a non-cancellable operating lease expiring July 31, 2043. Annual rent is defined as "net revenues" less certain amounts, including, among other items, debt service on the bonds. Payment of the rent is subordinated to all payments required under the bonds payable and related trust indenture. Effective July 1, 2007, MEDCO entered into a Memorandum of Understanding with the University of Maryland, College Park that includes a cash basis calculation of ground rent expense and an evaluation of total ground rent due and accrued since the inception of the project. Ground rent expense totaled (\$209,662) and \$1,932,067 for the years ended June 30, 2021 and 2020, respectively. Accrued ground rent totaled \$4,431,103 and \$4,640,765 as of June 30, 2021 and 2020, respectively. Payments toward ground rent are limited to the amount of cash available in the surplus fund as of June 30 of each year. Accrued ground rent will exceed ground rent expense to the extent that cumulative additions to right to use buildings exceed cumulative draws made from the renewal and replacement fund. Accrued ground rent will be reduced for ground rent payments and to the extent that negative ground rent expense can be credited against past due ground rent payments. Cumulative negative ground rent expense in excess of accrued ground rent may be deducted against ground rent due and payable for the succeeding year and shall not be refundable. Additionally, at closing for the 2006 bonds, a leasehold payment of \$680,000 was made to the University for the leasehold interest during the term of the ground lease for the 2006 lease parcel. This payment is being amortized to ground rent expense over the term of the bonds and totaled \$17,934 for each of the years ended June 30, 2021 and 2020.

The lease provides various conditions and restrictions on the use, operation and maintenance of the project and provides the State of Maryland, on behalf of University of Maryland, College Park an option to purchase the project's improvements for a price of \$1 plus the outstanding balance of the bonds payable (or other permitted debt) at any time during the lease term. Title to the project improvements will revert to the University System of Maryland, upon termination of the lease.

## **University Village**

The land underlying University Village is leased from Sheppard Pratt Health System, Inc. (SPHSI) under a non-cancellable operating lease expiring on June 30, 2041. Rent payable under the lease totaled \$885,500 in the initial lease year (which commenced July 1, 2001), and increases by 3% each lease year thereafter. Payment of the rent is subordinated to all payments required under the project's bonds payable and related trust indenture. Unpaid ground rent for the years ended June 30, 2008 through 2021 bears interest at 12.65% annually beginning 90 days after the end of the related lease year. Ground rent expense totaled \$2,623,206 and \$2,373,037 for the years ended June 30, 2021 and 2020, respectively, including interest on unpaid ground rent of \$1,070,477 and \$865,533, respectively. Accrued ground rent totaled \$11,692,880 and \$9,069,674 as of June 30, 2021 and 2020, respectively, including accrued interest on unpaid ground rent of \$1,677,885 and \$607,408, respectively. Title to the operating facility improvements will revert to SPHSI upon termination of the lease.

2024	3,707,242
2025	3,818,559
2026	3,933,012
2027-2031	21,507,316
2032-2036 2037-2041	24,932,865 14,458,238
2042-2046	14,430,236
2047-2051	52
2052-2054	30
Total	\$ 141,819,090

Minimum rent payable during the year ending June 30, 2021 includes accrued but unpaid rents for prior years of approximately \$62,367,925 including interest on unpaid rents of \$17,897,033.

## **University System Operating Reserve**

In accordance with the Ground Lease Agreement, a Memorandum of Understanding effective July 2, 2003, and an Amended and Restated Memorandum of Understanding effective April 2, 2007, the Lessee (MEDCO) shall create, hold and maintain a single fund for all Projects, referred to in each Ground Lease as the operating reserve fund to be held and used in accordance with each Ground Lease and Memorandum.

From monies which otherwise would be rent, MEDCO is authorized to make, on behalf of the projects, annual deposits to the operating reserve fund on or before November 30 of each year in the amount of \$20,000 for each of the Bowie State University, Salisbury University and the University of Maryland, Baltimore projects, and commencing in November 2009, \$20,000 for the Towson University project, and commencing in November 2011, \$40,000 for the University of Maryland, College Park project; provided however, if the deposit of the full amount would cause the operating reserve fund to exceed the maximum amount per the Amended and Restated Memorandum of Understanding, the amount deposited under each ground lease shall be reduced proportionately.

## **University System Operating Reserve – continued**

As of June 30, 2021 and 2020, no deposits in lieu of ground rent have been made by MEDCO on behalf of the UMAB project to the operating reserve fund due to the fact that the project, since inception, has not incurred ground rent expense. As of June 30, 2021 no deposit has been made by MEDCO on behalf of UMCP Housing, Salisbury, Towson WV and MH, and Bowie. As of June 30, 2020 a \$140,618 deposit has been made by MEDCO on behalf of Salisbury, a \$131,522 deposit has been made by MEDCO on behalf of Towson WV and MH and a \$82,109 deposit has been made by MEDCO on behalf of Bowie.

If any of the projects' revenues are not sufficient to meet permitted expenses as defined by the Memorandum of Understanding and the Amended and Restated Memorandum of Understanding, the project can draw funds that they deposited in the operating reserve fund. When these funds are not sufficient, the operating reserve fund and MEDCO will advance matching funds to the respective project, which bear interest at ten percent.

## **Other Leasing Activities**

MEDCO leased office space under a lease agreement which was classified as an operating lease and expired in August 2020. Effective August 15, 2020, MEDCO entered into a new lease agreement for office space, which is classified as an operating lease and expires in April 2029. Minimum rents due under this lease are summarized as follows as of June 30,:

2022	\$ 128,056
2023	131,259
2024	134,521
2025	137,887
2026	141,313
2027-2029	 407,470
Total	\$ 1,080,506

Rent expense totaled \$127,777 and \$133,015 during the years ended June 30, 2021 and 2020, respectively.

MEDCO records rent expense on a straight-line basis over the terms of its leases. Deferred rent totaled \$91,269 and \$3,045 as of June 30, 2021 and 2020, respectively, and represents the excess of recorded rent expense over amounts paid to date under the terms of the lease agreements.

## Other Leasing Activities – continued

MEDCO owns certain properties which are leased to tenants under long-term operating leases expiring at various dates through fiscal year 2030, which are subject to renewal options in certain cases. The leases generally provide for annual minimum rentals sufficient to pay principal and interest on the debt issued to finance the acquisition of and/or improvements to the related properties. Insurance and maintenance costs are generally the responsibility of the tenants.

The minimum rents to be received from tenants for properties owned by MEDCO under operating leases in effect are summarized as follows as of June 30.:

2022	\$ 684,224
2023	682,739
2024	681,213
2025	679,645
2026	678,033
2027-2029	 2,191,928
Total	\$ 5,597,782

The capitalized cost and accumulated depreciation and amortization relating to assets under leased properties is as follows as of June 30,:

	2021	2020	
Buildings and improvements	\$ 11,136,858	\$ 11,136,858	
Accumulated depreciation and amortization	(2,966,524)	(2,518,835)	
Net capital assets	\$ 8,170,334	\$ 8,618,023	

## Litigation

Various lawsuits and other claims occur in the normal course of business and are pending against MEDCO and its projects. Management, after consultation with legal counsel, is of the opinion that the lawsuits and other claims, when resolved, will not have a material effect on the accompanying financial statements.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

#### 11. GOING CONCERN - CBCC

CBCC has an accumulated negative net position of \$269,139,671 and its current liabilities exceed its current assets by \$205,095,000 at June 30, 2021. In addition, CBCC incurred operating losses of approximately \$11,453,000 and \$12,003,000 during the years ended June 30, 2021 and 2020, respectively, and was directly impacted by COVID-19 (Note 12).

Pursuant to the restated and amended forbearance agreement effective July 1, 2021, the forbearance agreement effective May 1, 2014 was extended to December 31, 2021. The agreement, to the extent there is no event of default or forbearance termination event as defined, provides for a partial deferral of interest and principal payments owed under the bonds. During the forbearance period, no payments of interest are to be made from the debt service reserve fund unless directed by the bondholders. Upon expiration of the forbearance period, the deficiency between the interest and principal payments required to be made under the terms of the trust indenture and the amount available to be paid from funds deposited in the debt service trust accounts during the forbearance period shall be immediately due and payable.

Management believes the projected future operating results of CBCC will provide CBCC with adequate cash flow to meet its operating needs; however, CBCC will not be able to make the current principal and interest payments on the bonds, which includes missed principal payments from December 2020, December 2019, December 2018, December 2017, December 2016, December 2015, December 2014 and December 2013 should the restated and amended forbearance agreement not be extended past its current expiration date of December 31, 2021. These factors create significant doubt about CBCC's ability to continue as a going concern.

The ability of CBCC to continue as a going concern is dependent upon a resolution with the bondholders regarding the outstanding bond principal payments and the future impact of COVID-19. The financial statements do not include any adjustments that might be necessary if CBCC is unable to continue as a going concern.

#### 12. CORONAVIRUS

In December 2019, a novel strain of coronavirus was reported in Wuhan, China. The World Health Organization declared COVID-19 to constitute a Public Health Emergency of International Concern. In March 2020, COVID-19 began to spread throughout the United States. Efforts to contain COVID-19, including restrictions mandated by U.S. Federal and state governments, caused numerous businesses, including many colleges and universities, to close or operate remotely in an effort to prevent COVID-19 from spreading more rapidly.

Notes to Financial Statements For the Years Ended June 30, 2021 and 2020

## 12. CORONAVIRUS - continued

COVID-19 has had an immediate direct and on-going impact on the Projects. Project specific impacts have included, but are not limited to, a reduction of parking demand at City Garages, periods of reduced occupancy at CBCC and a reduction of student housing occupancy rates as a result of universities shifting to a virtual learning environment. Management currently expects improved occupancy rates and operating performance at the Projects as the impact of COVID-19 stabilizes with the resulting removal of certain government restrictions and the return to in-person classes at universities. Based on the projected occupancy and operating results of the Projects, with the exception of CBCC, management believes the Projects will generate adequate cash flow to make current principal and interest payments on the bonds and pay senior operating expenses. However, management believes the Projects may not have adequate cash flow from operations to fully fund subordinate expenses and reserves.

Because of the nature of the pandemic, there may be future direct and indirect consequences which are not yet known and may not emerge for some time. The ability of the Projects to continue as going concerns is dependent upon the future impact of COVID-19. The financial statements do not include any adjustments that might be necessary if the Projects are unable to continue as going concerns.
